The Rules:

Tournament is limited to 64 2-person teams. Entry is on a first come first serve basis. Any open positions will be filled from the waiting list. Players DO NOT have to have an established handicap to play in this tournament. Teams will be flighted for Sunday's play based on Saturday's scores. Prizes will be awarded within each flight. There may be anywhere from four to eight flights depending on the scores. Each flight pays the same. There is one overall winner. It's important for all to remember that there is a shoot-out score picked by Gary and Lynn for each flight. This is a differential from Saturday's score to Sunday's score in each flight and may be different per flight. If a team hits that number or more they are automatically DQ'd from their flight and put into a "shoot-out flight" which doesn't pay very much. This rule has worked for 30 plus years in keeping most teams from "sandbagging".
